Art and the Public Realm Bristol

Policy / Public Art Commissions / Talks and Events / Publications

A new website for public art in Bristol:

To celebrate 10 years of public art in Bristol, the City Council has launched a new website to showcase a decade of groundbreaking artists' projects in the City.

The website provides information on permanent and temporary artworks, an archive of past projects and an interactive map to help you find one of our many works.

Visit the website for further information on forthcoming projects, events, talks, publications and much more.
